

Dear Customer,

We wish to communicate to all customers with regards to the current boiled water notice and the effect on prepared vegetables and Washed salads.

With regards to the prepared vegetables any product which we classify as Ready to Eat like grated carrots, coleslaw mix, red & white shredded cabbage and onions, these products are sourced from a supplier that has an independent water supply and is not affected by the water boil notice.

The washed salads are sourced from a company outside of the boiled water notice and whom also have a water purification system on site in their warehouse.

If you have any issue or questions please do not hesitate to contact us.

Kind regards

Ronan Sullivan
